Don't Be Scared Into Risking an Operation.

WE HAVE SAVED SCORES FROM THE SURGEON'S KNIFE AFTER THEY HAD BEEN GIVEN UP BY OTHER DOCTORS, AND WE CAN DO THE SAME FOR YOU IF YOU WILL GIVE US THE CHANCE.

Dr. Fleener Co. For Men.

United States Senator Weeks, in a recent speech before the senate, clearly sets forth the fact that thousands of surgical operations are uselessly being performed simply for the sake of collecting a fancy fee. In a recent address given by Dr. Jno. M. T. Finney, a noted authority of Philadelphia, he asserts that a large percent of surgical operations are signal failures and are absolutely uncalled for. Dr. Overall of Chicago, another noted authority, claims that injury once done the prostate by the knife is irreparable. Keyes, perhaps the most noted authority in this country, says: "There is but one condition calling for an operation, and that is the failure of all other treatments." Still many doctors claim that the only way to cure the diseases of our specialty is by the use of the knife. We have saved scores from the surgeon's knife and at a cost even less than the ordinary hospital fee. We can do as much for you.

OUR SPECIAL OFFER

We are making a special offer to afflicted men. One that will surprise you when you investigate. This offer will enable every afflicted man to regain his health, no matter what his circumstances may be. Our fees are within reach of every man. IF YOU ARE OUT OF WORK AND NEED TREATMENT, DON'T FAIL TO CALL, FOR YOU CAN TAKE OUR TREATMENT AND PAY US WHEN YOU GO BACK TO WORK.

Vital Diseases

—VARICOCELE—
—HYDROCELE—

Impair vitality. We daily demonstrate that Varicocele and Hydrocele can be cured, in nearly all cases, by one treatment, in such a satisfactory way that the vital parts are preserved and strengthened, pain ceases, swelling subsides, a healthy circulation is rapidly reestablished, instead of the depressing conditions.

We cure and save hundreds of young men yearly from these two vital diseases. Why not let us cure you?

—PRIVATE—
—CONTRACTED—
—DISEASES—

Are the most widespread diseases among the male population and are doing more harm to the race than tuberculosis or cancer. Eighty percent of the male population between the ages of 15 and 30 contract one or both of these diseases. These diseases may be infectious long, long after all visible symptoms have disappeared. They are responsible for one-third of all blindness, cause three-fourths of all abdominal operations in women and are the principal cause of race suicide. Causes nearly all stricture and 75 percent of prostatic diseases. Yet from ignorance of the terrible character of these diseases it is not uncommon to hear young men laughingly boast as if having them were something to be proud of.

The Most Prevalent and Serious Diseases Among Men Past Forty

According to Dr. Hurty, secretary state board of health, the Prostate gland is perhaps the most important gland in the body, being of extreme importance to the physical and mental and reproductive stability of man. Diseased conditions of this gland are accompanied by the most pronounced disturbances of other functions such as weakness, loss of ambition, strength, vim, vigor, vitality, headache, backache, dizziness, loss of appetite, mental hallucinations, a feeling of impending danger, weak trembles, cold feet, frequent urination, especially at night; specks before the eyes. Male weakness, or total loss of power, constipation, pain in rectum or at neck of bladder, hot and cold flashes, nervous restlessness, inability to concentrate mind, thoughts wander, easily fatigued on little exertion, loss of confidence, cloudy, foul smelling urine, etc.

—SPECIFIC—
BLOOD POISON

Are you afflicted, mortified, demoralized, discouraged, tortured and in danger from this awful life-consuming poison in your blood? You are if you have these symptoms:

Rash, Sores, Ulcers, Sore Mouth or Throat, Swollen Glands, Mucous Patches, Hair or Eyebrows falling out, Skin Blisters, Contagious Spots, Rheumatic Pains, Aching in Bones or Joints, Eczema, Itching, Burning, Nervousness.

Our treatment removes the above symptoms in one to ten days, so you not anyone would ever know you had the trouble.

Why Not Get the Best First? It Will Cost Less Than the Worst.

The diseases of our specialty are diseases of which the general practitioner is rankly ignorant, he knowing but little more about them than you. He is wholly unprepared in experience, knowledge and equipment and totally unable to successfully treat them and when he undertakes their cure he will more than likely cause or allow serious complications to arise, which sooner or later necessitate the services of a skilled specialist.

No Knife--Rupture and Piles Cured--No Knife
\$10--Examination Free--\$10

OUR FEES--Are reasonable, about half what the ordinary doctor would charge you for same serious cases. We can afford this on account of the vast business we do, being fifteen to twenty times that of the average doctor or specialist.

WE GUARANTEE Free Consultation. Prompt and Courteous Attention and Satisfactory Results, Demonstrated by Scientific Tests.

"STAR--The Pocket-Pal of All Good Fellows"

Men Who Chew Are Men Who DO

NO men more fully enjoy the jolly companionship of good chewing tobacco than the foresters who conserve America's standing timber.

These big, brave, brawny men, as ready to fight a forest fire to a stand-still as they are to take a twenty mile "hike" in the dead of night, are STAR pluggers as well as STAR chewers.

They find STAR mighty pleasant company when they're alone--and when they meet a traveler they're glad to pass their plug to him. They know that STAR is good for one and better for two.

Each STAR plug is thick with a thickness of long lasting, mellow chewing leaf that just suits to a "T" the taste of Americans. Each STAR plug weighs a full 16 ounce pound, every time. Each plug is made clean and kept so; a STAR plug won't dry out like a thin plug--and the taste lasts. It will just take you but a few seconds to cut off a chew of STAR and get it into your mouth--to understand why STAR is the leading brand of the world.
